

# Francisco Calvo

Systems Analyst | Full-Stack Developer

Buenos Aires, Argentina

[franciscocalvo.dev@gmail.com](mailto:franciscocalvo.dev@gmail.com) | +54 291 5081681 | [LinkedIn](#) | [Portfolio](#)

## PROFESSIONAL SUMMARY

Full-Stack Developer in training and advanced student of a Higher Technical Degree in Systems Analysis (+90%), with hands-on experience developing web solutions and business-oriented systems. Experienced in JavaScript, Node.js, Python, REST APIs, and SQL/NoSQL databases, using Git/GitHub for version control and collaborative development.

Involved in the analysis, design, and implementation of solutions, from requirements gathering to process automation and data management. Analytical, practical, and problem-solving oriented, seeking to join a Full-Stack development team and continue growing in a professional environment.

## TECHNICAL STACK

|               |                                                                                             |
|---------------|---------------------------------------------------------------------------------------------|
| Frontend      | React, TypeScript, JavaScript (ES6+), HTML5, CSS3, REST API integration, responsive design. |
| Backend       | Node.js, Python (scripting, business logic, automation).                                    |
| Databases     | MySQL, PostgreSQL (SQL queries, data modeling), MongoDB (basic knowledge).                  |
| Dev Tools     | Git, GitHub, Docker, Postman, VS Code, Claude (AI-assisted development).                    |
| Methodologies | Team collaboration, technical documentation, basic knowledge of Agile methodologies.        |

## RELEVANT PROJECTS

**Integrated Management System for a Shoe Store** — Rominetta *2025*

- Gathered and analyzed requirements to support the digitalization of the shoe store's internal processes.
- Designed and developed an integrated management system for **inventory, sales, purchasing, suppliers, customers, cash management, and reporting**.
- Integrated **electronic invoicing processes and Argentine tax requirements through ARCA (formerly AFIP)**.

**Academic Full-Stack Projects** — Instituto Juan XXIII *2023 – Present*

- Developed web applications integrating frontend and backend components through **REST APIs**.
- Designed and integrated relational and NoSQL databases according to functional requirements.
- Managed version control and collaborated on repositories using **Git/GitHub**.

**Process Automation with Python and MySQL** — Private Accounting Firm *2025*

- Developed **Python** scripts to automate administrative tasks and data processing.
- Validated and queried data in **MySQL** to improve data consistency and traceability.
- Reduced manual tasks and repetitive errors by optimizing operational processes.

## PROFESSIONAL EXPERIENCE

---

**Systems Analyst / IT Support** — Private Accounting Firm

*April 2025 – December 2025*

*Bahía Blanca, Buenos Aires*

- Gathered and tracked internal requirements through a ticketing system.
- Implemented **Python** automations for operational tasks.
- Managed and queried **MySQL** databases.
- Documented technical processes and collaborated with non-technical teams.

## EDUCATION

---

**Higher Technical Degree in Systems Analysis**

*2023 – 2026*

*Instituto Juan XXIII (in progress, +90%)*

Bahía Blanca, Argentina

**Backend Developer Course**

*2026*

*National Technological University (UTN) (in progress)*

Bahía Blanca / Online

**Python — Introduction to Programming**

*March – November 2024*

*Ministry of Education, City of Buenos Aires*

Online

**Web Designer Course**

*2024*

*Digital House (endorsed by Mercado Libre and Globant)*

Online

**B2 First English Certificate**

*2022*

*Cambridge English*

Bahía Blanca, Argentina

## ADDITIONAL EXPERIENCE

---

**Federated Basketball Referee** — ABB and CAB

*2018 – Present*

- Made real-time decisions and resolved conflicts under pressure.
- Demonstrated effective communication and teamwork in demanding environments.
- Maintained discipline, accountability, and compliance with rules and procedures.

## LANGUAGES

---

- **Spanish:** Native

- **English:** Upper-Intermediate (B2, Cambridge B2 First)
